

# Strings Music Festival

## Organization

Strings Music Festival presents innovative programs of distinctive classical and popular contemporary music to the surrounding community of Steamboat Springs, Colorado and its visitors. Our intimate and friendly setting attracts people of all ages and backgrounds, and we enhance the cultural, educational, and entertainment experiences of our audience. No other organization brings world-class musicians to Northwest Colorado, creating the opportunities of a large city in a rural culture.

The summer festival includes a genre-spanning lineup featuring classical musicians from the nation's top orchestras and chart-topping popular contemporary artists, all of whom perform in an intimate, 570-seat Pavilion nestled at the base of Steamboat's mountains. Outside of our venue, we serve the community with a variety of free programs and an in-school education program called Strings School Days. In 2019, Strings Music Festival hosted 151 programs and performances, reached over 26,000 audience members, and provided 56% of events at no cost. The festival's current annual budget is \$3.1 million.
